CITY LIFE MADE HARMONIOUS

Web Scraped Data

Mayfair Rooms and Suites

The Mayfair Collection is the beautiful realisation of our most luxurious guestrooms and suites yet. It is a further refinement of the timeless elegance for which we are loved. It is a fond reflection of all that is rare about our prized location, where two Royal Parks meet. It is profound and effortless comfort. Wood, leather, pure wool, and marble set the soulful, natural tone. Subtle embroidery and cast bronze interpret the pure beauty of tree and leaf. The Mayfair Collection is city life made harmonious.

The type of information that we collect from or about you varies based on your interaction with our website and services and includes:

Reservation Information: Your name, email address, home and business address, phone number, nationality and payment card information.

Stay Preferences: Information such as stay and room preferences made during the course of your reservation such as your preferred room type and specific requests to the hotel.

Customer Service Inquiries: We collect information from you when you make an inquiry with us, such as inquiries regarding on-property events, including your name, contact information, and information about the event you are planning.

Contests/Promotions: if you choose to participate in one of our competitions or sweepstakes, sign up on property to receive our newsletters or other special offers and promotions, or participate in one of our other services, we collect your name, contact information, and other information that you choose to provide to us.

Web Scraped Data

Information We Collect from Other Entities:

IHG: If you make a reservation through IHG central reservations, IHG provides us with sufficient information to handle your reservation at our property. Please note that IHG does not provide us with access to all of your contact information or all of your IHG Rewards Club data. As a result, we may request additional information from you (e.g., your email address) if you would like a copy of your folio.

Your Employer/Sponsor/Other Payor of Your Account/Travel Agent: We also obtain information about you from other parties if you do not make the reservation with us directly or if you are not the responsible payor on your account.

Other Guests: if you are a guest of one of our registered guests, we may collect information about you from the guest.

Online sources, such as websites, social media and information sharing platforms: This information may be used to help tailor and improve our services and communicate with you effectively, as we know many of our customers use a range of media channels to communicate and share information. If you use our hotel wifi we may collect certain information such as the information requested when you register to use the service and device information.

Social Media Features: We may use various social media features such as the Facebook ?Like? button on our websites. Certain information may be shared or otherwise provided to us through your use of these features in conjunction with our services and programs. Subject to your account and privacy settings, we may also be able to see information that you post when using these social media platforms whether or not you are using one of our services. In some instances, depending on the circumstances, we may contact you on these social media platforms. The information you post on social media sites as well as the controls surrounding these disclosures are governed by the respective policies of the social media site where you posted.

Information We Collect Automatically:

Web Scraped Data

[Mayfair Rooms and Suites](#)

The Mayfair Collection is the beautiful realisation of our most luxurious guestrooms and suites yet. It is a further refinement of the timeless elegance for which we are loved. It is a fond reflection of all that is rare about our prized location, where two Royal Parks meet. It is profound and effortless comfort. Wood, leather, pure wool, and marble set the soulful, natural tone. Subtle embroidery and cast bronze interpret the pure beauty of tree and leaf. The Mayfair Collection is city life made harmonious.
